Step into the Spotlight: Old Hollywood Glamour at The Honourable Artillery Company Festive Season 2025

This festive season, The Honourable Artillery Company invites you to experience the timeless splendour of the Golden Era of Hollywood—a world of cinematic allure, refined decadence, and red-carpet sophistication. As the historic Armoury House transforms into a dreamscape reminiscent of 1930s and 1940s Tinseltown, guests will be immersed in an atmosphere that echoes the charm of silver screen legends and the glittering elegance of black-tie soirées.

Our carefully curated Old Hollywood Glamour theming is the latest in a series of unforgettable festive productions, following the enchanting Winter Masquerade and the roaring success of the Secret Speakeasy. Building on these immersive experiences, this year's concept pays tribute to the golden age of film with meticulous attention to detail and unparalleled style.

As guests enter the enchanted space, their eyes will instantly be drawn upward—where the ceiling has been transformed into a shimmering night sky. Layers of celestial draping cascade overhead, embedded with hundreds of tiny, twinkling lights, each one a star in its own right. The fabric flows like stardust caught in a twilight breeze, creating the illusion of an infinite sky suspended just above. It is a dreamscape of wonder—crafted to mirror the heavens—where the true stars of the evening gather beneath their own personal galaxy.

Whether hosting a private celebration or a corporate gala, this festive season at The Honourable Artillery Company promises to be a scene-stealing production where every guest becomes a star.

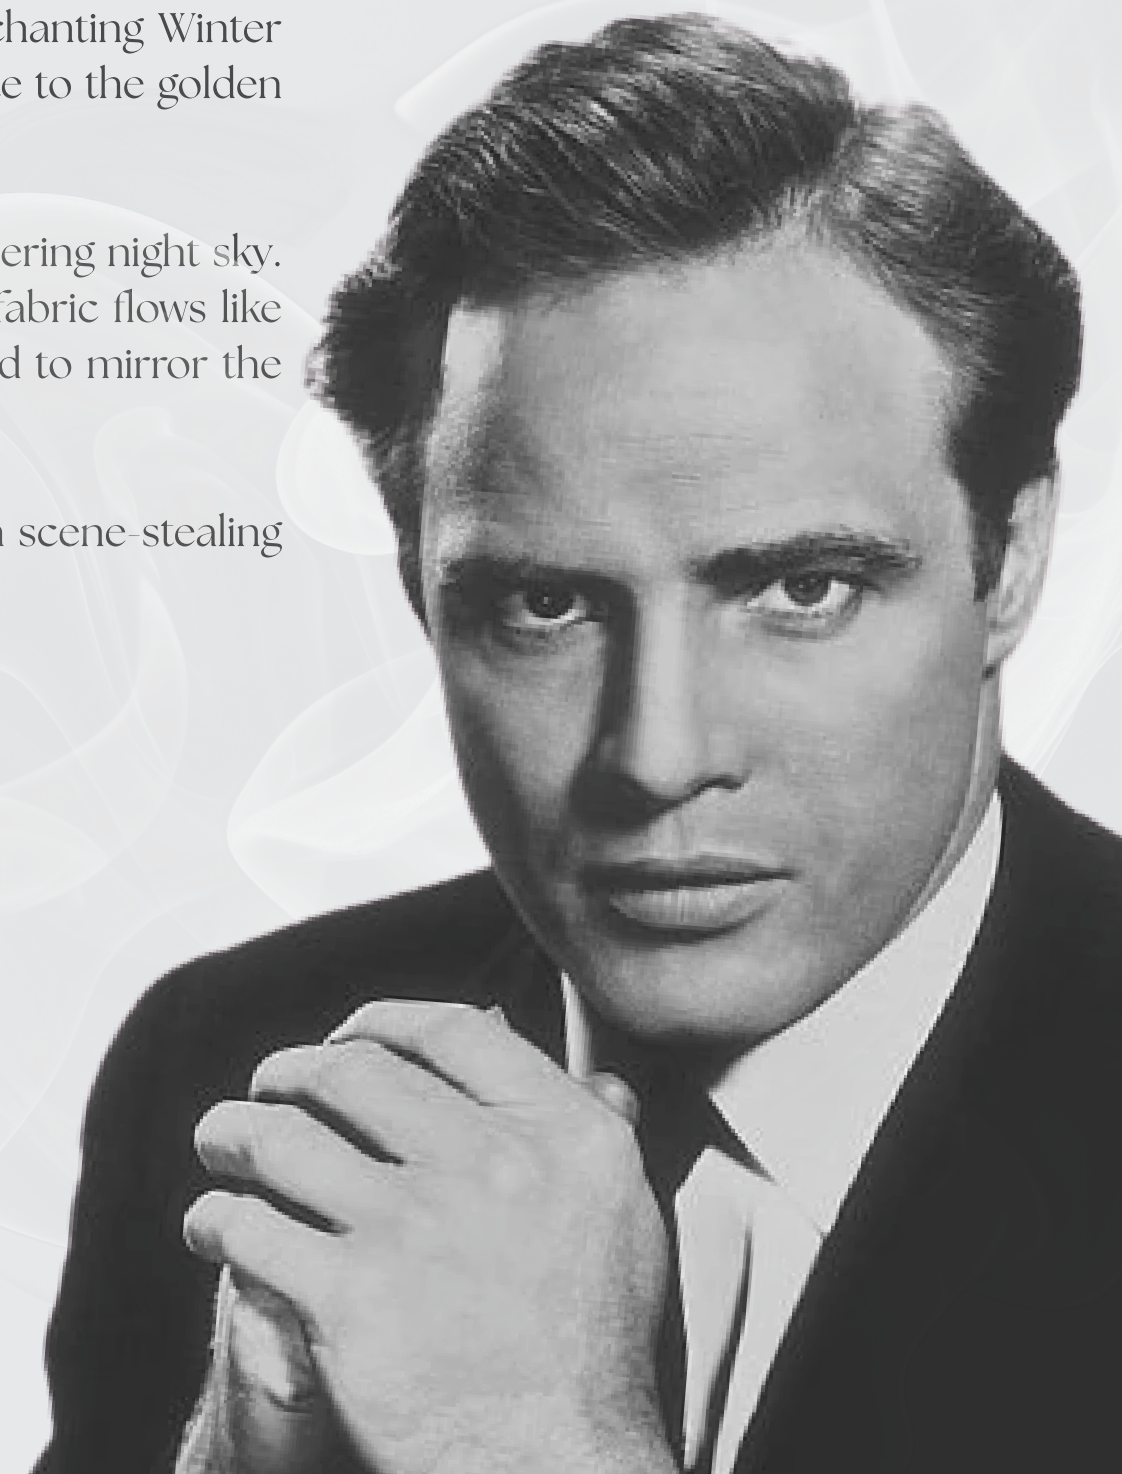

Dress to dazzle! The cameras are rolling.
