WELCOME TO SEARCYS

Since 1847, Searcys has been at the heart of festivities – the very year London's Tom Smith invented the Christmas cracker. Our founder, John Searcy, was described as “gentle, courteous, and masterful,” setting the standard for the exceptional service that still defines us today.

With seasonal menus, Champagne, cocktails and a team of expert chefs, bakers, mixologists and planners, we craft events to remember. You'll find us in some of the UK's most iconic venues – from the Gherkin and Horizon 22 to St Pancras International and the Pump Room in Bath – perfect settings for everything from business meetings to birthdays, celebrations and private dinners.

Our heritage and passion continue to inspire every special moment we create. Explore our collection of venues and let our dedicated events team bring your next occasion to life.

Seavys Christmas Pudding Recipe

Circa 1890

Makes 2x 1.2 litre Classic pudding

Ingredients:

8oz dark demerara sugar
8oz chopped suet
8oz sultanas
8oz raisins
4oz currants
4oz shredded mixed candied peel
(cut your own or use ready cut)
4oz of plain flour
4oz fine breadcrumbs
2oz flaked almonds
Rind of 1 lemon (grated)
Rind of 1 orange (grated)
3 free-range eggs

Pinch of grated fresh nutmeg
Pinch of salt
Pinch of mixed spice
100ml stout
100ml of full fat milk
25ml of brandy

Please prepare:

2 x 1.2 litre pudding basins
2 small greaseproof paper disks
2 large greaseproof paper disks
Large square of pudding muslin cloth

Method:

1. Place all the fruit in to a large bowl and mix thoroughly.
2. Pour over the stout, milk and brandy (if using) and mix well, cover with cling film and allow to macerate for 4 hours at room temperature.
3. In another large bowl add all the rest of the dry ingredients and mix thoroughly.
4. Break the eggs and whisk well to break them down.
5. Add the soaked fruit to the dry mixture and incorporate thoroughly.
6. Add the beaten eggs and mix well ensuring the mixture is fully incorporated and also all the fruit is evenly dispensed.
7. Grease well the two 1.2 litre pudding basins.
8. Line the bottom of each pudding basin with a small disk of greaseproof paper.
9. Divide the mixture evenly between the two pudding basins, tap lightly on the work surface to ensure the mixture settles in to all the corners and edges.
10. Top with the large disk of greaseproof paper and clean the pudding basin well.
11. Wrap the pudding in the muslin cloth and tie with string to ensure the cloth stays on.
12. Place the pudding basin in a pan and fill with warm water until three quarters up the side of the pudding.
13. Place the pan on the stove and bring to the boil, reduce the heat and simmer for 5 to 6 hours.
14. Ensure the pan is always topped up with hot water to the three quarter level.
15. Remove the pudding from the water and allow to cool for 15 minutes.
16. Serve as required or cool and save for a rainy day.
